Director	Luella Shannon	926-5201
Director	Norma Kerr	925-2513
Trail Boss	Jim Hehir	926-2576

President's Message

Work has already started, preparing trails for the upcoming season. Groomers are being readied in the way of maintenance checks and repairs.

Considerable work was completed last year especially on E105 to deal with problematic wet conditions. Over \$17,000. was spent on high hoe and backhoe work along with purchasing and installing culverts and gates. New signage and stakes have recently been purchased either in the interest of improving trail safety or replacement of damaged or stolen equipment.

The sale of Trail Permits does not alone cover the cost of maintaining our trail system and the numerous other expenses incurred on an annual basis by your local snowmobile club. We are fortunate in that we have volunteers that help organize and schedule various fundraisers to help offset costs. We were also successful in the application for grant money that helped subsidize much of our trail work.

You will see from the trail permit prices as shown below, there are no increases in prices for the upcoming snowmobile season over last year. The introduction of the Classic Trail Permit was received extremely well last year. The same rules apply again this year as last with any sled, 15 years or older or in other words a 1996 and older machine only requires the Classic Trail Permit.

Show your support for snowmobiling, volunteer or bring your friends and attend a fundraiser. Remember, trails are brought to you by volunteers.

With the holiday season fast approaching, may I take this opportunity to wish you and your family a *Very Merry Christmas* and extend *all the Best Wishes for 2011*.

Have a safe and fun season of snowmobiling and hope to see you on the trails.

Allan Moorhouse
